VAMPDROID

Materials Required

- Computer Printer Fabric
- White Cotton Fabric
- Polyfill
- Ink Jet Printer

Instructions

1. Print PDF onto computer printer fabric. Follow instructions from the printer fabric you purchase.

2. Cut out doll body and head and pin right sides together. Label is optional - fold and use a tight zigzag stitch

before pinning inside body front and back. For head, pin right side to white cotton fabric.

3. Sew doll body together along dotted lines leaving a small opening for stuffing.

4. Clip Curves. Turn right side out. Stuff Vampdroid body with polyfill and stitch opening closed.

5. Repeat process for Vampdroid's head. Stitch head onto body.
